The overall quality of teaching-learning process in your institute is very good.

Almost 80 % of the students agree that the teaching-learning process in the institute is very good

Please specify the semester:

OVERVIEW OF OPEN ENDED QUESTION(Q. NO. 21)

Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

1. Leadership Programmes. Setting up platforms for the opportunity for the students to explore ideas and excel academically.
2. Teachers are helpful and supportive.
3. Teachers should try to increase or develop the personality of the students to face the outside world and guide till they complete their graduation.
4. Prioritize the student's mental health.
5. To give more extracurricular activities.
6. Outdoor games facility.
7. More seminars to be organised.
8. Skill development courses.

9. Should provide online library which include not only institutional subject books or syllabus oriented but also extra new books which speaks of new thought, new habit, and new mindset so the students have a proper idea. Getting a job is not always the purpose of life sometimes we also have to create it too, so those genres of books could help the students to manage and play with the risk which is backed by the society. This can help in the productivity and creativity of the students for a better future and having a better life.
10. Pose thought provoking ideas which inspire us to think ourselves to become more independent learners.
