FIELD WORK OBJECTIVE (Semester IV Honours and Semester VI Program):

The main objective of the field work is to fulfil the syllabus criteria as prepared by the University of North Bengal. Other than that through the field work the students are able to understand the socio-economic conditions of various rural/urban areas.

FIELD WORK OUTCOME(Semester IV Honours and Semester VI Program):

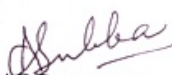

Through the field-work the students were able to understand the conditions that is prevailing in the life of the people of Relli Bazar and its Adjoining Areas. They were able to observe the daily hardship that the people of village were facing to maintain their lives. Through the field-work they prepared a report titled "*Socio-Economic Condition of Relli Bazar and its Adjoining Areas*".

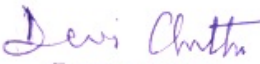

FIELD WORK OBJECTIVE (Semester VI Honours):

The main objective of the field work is to fulfil the syllabus criteria as prepared by the University of North Bengal. Other than that, since in recent years the number of disasters and the intensity of these disasters are increasing hence through the field work the students will help to gain knowledge on these disasters as well as various disaster management techniques adopted by the local government as well as the local communities.

FIELD WORK OUTCOME (Semester VI Honours):

The major outcome of the field work is that the students prepared a report titled "*Landslide and Landslide Management in Relli and Its Adjoining Areas*". Apart from the report, through the observation and interview with the locals of Relli the students were able to understand about the landslides of the area. They also gained some knowledge and ideas about the landslide management techniques that the local government as well as local communities are adopting to manage of mitigate the landslides.
